Applicant's amendments and remarks filed 08/05/04 have been received and reviewed. Claims 1-14, 16-19, 22, 23, 41-45 and 78-90 are now pending in this application.

Claims 81-83 are allowed.

## Claim Rejections - 35 USC § 112

Claims 1-14, 16-19, 22, 23, 41-45, 78-80 and 84-90 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1, 78, 79 and 80, R<sup>28</sup> and R<sup>43</sup> are defined as acyl and also as aroyl and heteroaroyl. This is redundant and confusing.

Appropriate correction is required. The group acyl is defined to include aroyl and heteroaroyl. Similarly, in claims 84-88, R<sup>43</sup> is defined as acyl, aroyl and heteroaroyl.

A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as to where broad language is followed by "such as" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949). In the present instance, these claims recite the broad recitation "acyl", and the

Art Unit: 1624

claims also recite "aroyl" and "heteroaroyl" which is the narrower statement of the range/limitation.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruck Kifle, Ph.D. whose telephone number is 703-305-4484. The examiner can normally be reached on 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mukund J. Shah can be reached on 703-308-4716. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-308-1235.
